CAN'T LET YOU GO

SINGLE, 2026

”

Sometimes
the hardest
part of
letting go
is realizing
what could
have been.

”

“

Award-winning singer-songwriter Sabina Chantouria returns with the vulnerable pop single “Can’t Let You Go” exploring the space between hope and heartbreak. Written by Sabina Chantouria and composer Alterwill.

Known for her velvet vocals and introspective songwriting, Sabina Chantouria has spent over fifteen years building a career as a songwriter and performer, steadily growing an international audience. Drawing from her Swedish and Georgian roots, her sound is textured, genre-blending, intimate and uniquely her own.

**“Can’t Let You Go” is about the bittersweet ways
time shapes love that lingers.**

[VERSE 1]

Blue skies,
Rays of sunlight,
Feeling alive
One look, the naked truth,
In your eye

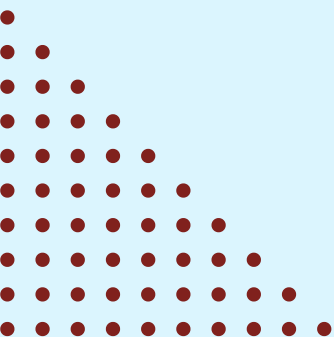

[PRE-CHORUS 1]

All this waiting
Things have been changing
How do you see me now?

[CHORUS 1]

You go, you go
Can't let you go now
You know, you know
Right here and now
This is like a bittersweet kiss

[VERSE 2]

Tell me, something true
Something real
Deep sea, I found a piece,
Of you in me

Can't let you go now
You know, you know

This is like a bittersweet kiss

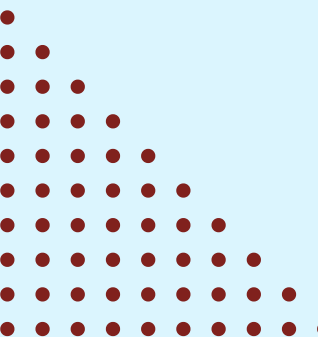

[BRIDGE]

Time is like sand
Slipping through your hands
Slipping through your hands

[CHORUS 3]

You go, you go
Can't let you go now
You know, you know
Right here and now
This is like a bittersweet kiss

[OUTRO]

Like a bittersweet kiss
Like a bittersweet kiss
